# Bobcats Conclude Successful Gridiron Season; Play for Championship at Springfield

## *Wesleyan Battle Ends in a Scoreless Tie*

### **Wesleyan Battle Ends in a Scoreless Draw**

Brief reviews in the October Alumnus bring the football schedule down to the annual clash of the Wesleyan Bishops and the Ohio Bobcats on Oct. 30. It was a great event in which both elevens threatened to score several times but found the fates decreeing otherwise. The final count was an even nothing for both sides. Both teams were able to advance into dangerous territory but only to lose possession of the ball when the slippery pigskin fell from the fingers of awaiting backs.

Rain, mud, fumbles, and penalties were features of the dogged contest. The punting duel between the two teams was broken frequently by costly fumbles. No less than 13 of these occurred during the afternoon. Penalties approached the 100-yard figure with Ohio Wesleyan being charged with most of the miscues.

Ohio's rain-soaked cheering section of nearly 1,000 persons cheered and wept and yelled as they did two years ago in the rain, sleet and snow on the same bleachers when at the end of the season the Ohio team turned back, 6 to 0, a veteran and powerful Methodist team which had not tasted defeat in three full years. Rain did not matter greatly to the crowd this year but it counted heavily against the offense of each team.

Ohio's undergraduate supporters cheered the splendid punting of Jackie Sweeney and the tackling of the Bobcat wingmen, Jarvie and Wise. They wept when Swaim, Bishop halfback, ran for what seemed to be a touchdown and dried their tears when the referee called him back because of holding in the Wesleyan line. Cheering wilding, the Ohio stands watched Sereno Shafer run half the length of the field, after recovering a fumble by Eddie Blickle, the Methodist famous triple-threat man, only to be cut down by a Wesleyan tackler whom Shafer's protective men mistook for an Ohio player.

The Bobcat's defensive work resulted in the complete stoppage of Blickle's line-plunging activities. Several times the All-Ohio half was thrown for losses and at other times

barred from progress by Ohio's forward ball. Phillips, a sophomore, was the outstanding man for the Bishops, almost all of the ground gained by them being credited to this player.

Ohio Wesleyan attempted six times to score by the placement kick method but the only time Blickle was able to get the ball away it was blocked by Captain Wise and recovered by an Ohio man. Ohio tried to score twice by drop-kicking but both efforts fell short. In rushing Wesleyan had the advantage by seven first downs but in the aerial game, made almost impossible by the condition of the playing field, Ohio was superior, completing three out of three passes while the Bishops failed in all three of their attempts.

Although the Wesleyan "Dad's Day" crowd was keenly disappointed at the failure of their team to win and inclined to be critical of the severe penalties imposed upon the Bishops by the officials, they probably have much less to be disgruntled over than the Ohioans, some of whom cannot help but feel that victory was denied them as a result of a bit of unethical strategy employed by the Wesleyan coaches.

Before the game the Wesleyan men were wearing their black uniforms but were asked to abandon the use of them because of a similarity to the

Ohio jerseys. Wesleyan coaches readily agreed to a change and their team took the field in red jerseys. With the opening of the second half, however, the entire opposing backfield and two of the linemen appeared again in the black jerseys. Protests by Captain Wise and Coach Peden were disregarded and the Wesleyanites permitted to retain the dark-hued sweaters. The resultant confusion was costly to the Bobcats for within a short time the play described above wherein Shafer was allowed to be tackled by a supposedly Ohio interfeer resulted in the loss of what would otherwise have been a certain touchdown. Immediately after, the officials required the Wesleyan men to again don their red jerseys but Ohio never had the same scoring opportunity again.

**Capt. Wise**

Shafer

The Ohio team and rooters were accompanied by their 50-piece band which made a fine impression upon the large gathering.

#### Ohio Northern

Following the strain of three consecutive, hard-fought games of preceeding week-ends the Bobcats went into an almost disastrous slump. Ohio Northern came to Athens, Nov. 6, as a decided underdog but held the Bobcats to a 9-7 score. Sweeney's field goal won the day for the Green and White. The Ohio team showed but little fight and the Polar Bears took every advantage of Ohio's listless play. So dissatisfied was Coach Peden with the work of his men in this game that before the crowd had cleared from the bleachers he had his squad of regulars over on the practice field going through a stiff practice.

#### Marietta

On a field that was nothing but black, slimy mud the Bobcats met the Pioneers of Marietta College, Nov. 12, on the river city field. A blocked punt, by Wise, was early in the game turned into a score, and a long off-tackle run gave Ohio her second touchdown, the final score reading 12 to 0. After making certain of this margin the Bobcats adopted a purely defensive game in order to save themselves for the season's finale at Springfield. Marietta is the "baby" of the Ohio conference but has not yet hit the stride that it is hoping for. Statistics show that they were not Ohio's equal in any department of the game. Marietta's 22 yards gained in four periods of offensive play look small beside 170 made by Ohio on driving plays. Ohio piled up twelve first downs to Marietta's two while practically the entire game was played in the Pioneer's territory.

#### Wittenberg

In the season's final game, the Green and White eleven traveled to Springfield, Nov. 20, to play for the championship of the B. A. A. Although they outplayed the Lutherans by a good margin, threatening their opponent's goal constantly during the second and fourth periods, the Bobcats were forced to take the small end of a 7-6 score. Bitter were the dregs of this cup for the defeat gave Ohio Wesleyan the championship of the B. A. A.

and shoved the Bopcats down to third place in the standing.

Wittenberg's score came in the first few minutes of play when Maurer, shifty all-Ohio player, took Sweeney's 60-yard punt and returned it to the Ohio 20-yard line. On the next play Maurer skirted Ohio's right end for the remaining distance and a Lutheran score. Bradley added the point, which proved to be the winning tally, by a kick from placement. From this point until the final quarter the game was fought upon practically even terms.

In the last period the Bobcats opened up a beautiful forward passing attack that carried them, with a few temporary reverses, almost the length of the field. Passes from McKinley to Wise, Kennard and Sweeney, placed the ball on Wittenberg's 12-yard line. A pass over the goal to the waiting arms of Sayles scored the Ohio touchdown with but one minute to play. Then came the try for a point which meant either a tie score or defeat and the loss of the B. A. A. title. With Sweeney, Ohio's kicking ace, already removed from the Green and White lineup, Jeffrey was sent from the sidelines to dropkick. The ball left the toe of the Ohio back beautifully but before it was well on its way toward the goal-posts Bradley, the big Lutheran halfback, blocked its progress and Ohio went down to defeat. The half minute of the game remaining was not sufficient for another scoring offensive.

On line plays Wittenberg outplayed Ohio but in the passing game Ohio held an edge of 187 yards to Wittenberg's 23. In first downs, the Bobcats secured 16 while the Lutherans were annexing 15. After the first six minutes of the game Wittenberg was able to take the ball within the Ohio 20-yard line but once.

A golden opportunity to score came to the Ohio team in the second quarter when a series of line plunges placed the ball on the Wittenberg 1-yard line. The Lutheran line rose in its might, however, and stopped four successive thrusts at the line by the Bobcat full-back, "Bud" Doran. A bare inch prevented a touchdown on the fourth play. Ohio linesmen claim that on no less than two of Doran's drives the ball was carried over the

# Well-Known Graduate Engaged in Unusual Occupation in Southwest State

## Success In Spite of Handicaps

Out in the desert state of Arizona lives a graduate of Ohio University who is engaged in one of the most unusual pursuits to be found cataloged in the list of occupations of Ohio men and women.

Describing Frank R. Speck, '09, Sch. Mus., and his work, the Phoenix "Arizona Republican" of Oct. 10, 1926, has the following to say: "Whether the sands of the desert grow cold, or glow with warmth, Frank R. Speck, a young Arizona minister, paints pictures with them."

"Upon this young preacher of the western wilds the Creator seems to have bestowed especial favor, for he has developed into an unusual artist, a painter departing from the conventional."

"Instead of canvas, easel and oils, the usual paraphernalia, this artist makes use of the colored sands nature left strewn about in Arizona's mystic, painted deserts. He is truly Nature's student and goes directly to the earth itself in a remarkable and successful search for genuine beauty."

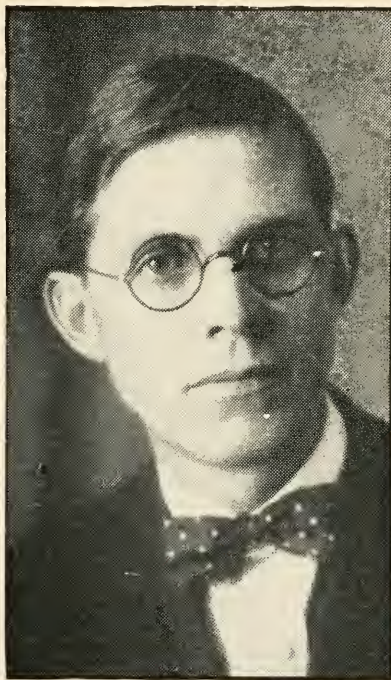

After leaving Ohio University in 1909, Mr. Speck spent nine years as a supervisor of public school music; one year in Dennison, Ohio, and eight at New Philadelphia. Then came the War and Mr. Speck went to Camp Sherman as camp song leader for the Y. M. C. A. Nearly a year was spent at the big military camp followed by several months of "Y" work with the boys of Ohio University.

In April, 1919, Mr. Speck was ordered by his physician to seek a milder climate. He secured a position with the U. S. Forest Service at the Grand Canyon. Even the great benefit of change did not suffice, however, and within three months he found himself in the army hospital at Prescott, Ariz. Concerning this experience Frank says, "They put me to

bed for nearly a year and gave me the cheerful assurance that I would never again be much account for anything—so I decided to become a preacher."

After completing the prescribed course of study of the Southern California Methodist

Episcopal Conference, he passed with high grades and was ordained a member of the conference. He was appointed pastor of the M. E. church of the frontier village of Holbrook, Ariz. As Mr. Speck modestly admits, "Holbrook had never had a preacher all its own so after they found out that I wouldn't bite they called me 'parson' and were real proud of me. For two years there I had a great time. I had no preachers running competition for the nearest one to the north was two hundred miles away. To the east it was ninety miles to the first one, and forty miles to the west and two or three hundred to the south." Later he served pastorates at Chandler, Winslow, and Creighton, Ariz. It was at Creighton that his health broke

Frank R. Speck

again and his hearing became so impaired that he was forced to give up the work of the ministry. His farewell sermon was preached at the Creighton M. E. Church, Oct. 3, 1926.

While at the Grand Canyon, at Holbrook, and at Winslow he became interested in the world-famed Painted Desert which crosses the state in that section. Living much of the time in the open and spending many hours out on the desert, he got to collecting, as a pastime, the various colors of sand—red, purple, lavender, pink, blue, rose, gold, orange, gray, brown, black, and white—and to bottling them up as souvenirs. He found that there was a market for them among the thousands of tourists passing through the state. Gradually the hobby grew into a little business in which

### Ohio University versus Miami University

The many inquiries that are being made by Ohio University alumni and the alumni of other schools, particularly of those represented in the Buckeye Athletic Association, as to why Ohio's Bobcats are not meeting Miami University's football team in the gridiron sport, makes a straight-forward and unequivocal answer imperative. In addition, a general misinterpretation of a statement issued by the B. A. A. press correspondent makes a statement of the facts doubly necessary. Were the conditions not as they are an explanation of the situation might, with better taste, perhaps, be awaited from the authorities of our sister school.

A November news broadcast published by many of the leading papers in the state carried the conspicuous heading, "Ohio Will Not Meet Miami In Football." The impression thus erroneously but naturally given is that Ohio University is, for some unstated reason, averse to meeting Miami in the fall sport. Such is not the case. Overtures have annually been made to the Miami athletic department for many years in an effort to schedule a game with their football team.

In addition to the usual request for games which have been made at the regular schedule-making meetings of the Ohio Conference and of the B. A. A., frequent informal conversations have been held by coaches and faculty advisors but always with the same result—no game with Miami.

Ohio University alumni are aware that there is no estrangement between the two schools and that a spirit of utmost and mutual cordiality exists in both athletic departments. Both schools are members of the Buckeye Athletic Association. These facts make the explanation of the failure to schedule games with the western Ohio school a difficult one for the local athletic authorities.

Frankly, this is the situation. It seems that several years ago, as a result of an unfortunate incident occurring during a football game, the student bodies of two state-supported schools in a western state came to blows and the bad feeling, which was engendered at the time, later escaped the bounds of the two campuses and resulted, finally, in the inculcation of a feudal spirit in the alumni of the two institutions. This manifested itself later in the state legislature effecting very seriously the appropriation for the schools.

This unhappy state of affairs and its cause, together with the possibility—which we think to be extremely remote—that it might be repeated in the relations of Ohio and Miami universities, are the grounds upon which Miami's president stands sincerely but firmly in opposition to a future meeting of the two football teams. However, when a committee representing the B. A. A. called upon him recently the Miami executive seemed disposed to give his consent to the scheduling of a game on alternate years; those years to be the ones during which the state legislature was not in session. A few days later he revoked this compromise decision and the impasse of the past several years prevails again.

All that Ohio University and its athletic department can do to further a resumption of football relations has been done. There are no more moves open for us on the board. Only a "reversal of form" on the part of the Miami administration will make possible a contest which hundreds of alumni of each school desire to see reinstated on the annual schedules.

### Why It Is

By chance we recently learned of a criticism that has been made of one of our ideas on news value and composition. We cannot feel that the criticism abides in the minds of many of our readers but in order that there may be no future questioning of motives, we hasten to make—what had never occurred to us to be necessary—an explanation of an editorial policy.

Here is the criticism. We are charged by a hyper-sensitive alumnus with "an unfair discrimination between the organization and non-organization alumni in the alumni magazine." We take it that the "discrimination" consists in mentioning the Greek letter affiliations—when known to the editor—of persons referred to in the news items appearing under the captions, "Marriages", "Births", and "Deaths". If that be discrimination then "guilty" is the plea. But first let's see if we can clear ourselves.

We suppose that, more than among the students and graduates of most other colleges, there has been the tendency at Ohio University, noticeable within the past decade at least, for individuals who may belong to social organizations to be associated, in the minds of others, with the name of the group in which they hold membership. So that, in seeking to identify a man, in answer to the query, "Who is he?", the answer is more frequently, "He is a Delta Gam", than that "He is the fellow who took European history in my section in 1923". Both Greeks and non-Greeks use this scheme of reducing the number of possible identities to a minimum and then of employing the very ordinary psychological trick of associating a person with the name of his group. We had never thought that seemingly so natural a process would need a defense.

We have never yet been moved to exploit a social affiliation or, for that matter, been able to reason ourselves into that immature belief that membership in a fraternity, of itself, brings about a change in one's social status or adds to or detracts from the interest and value of an alumnus to his university, his community, or his friends. No, our references are for purposes of identification only.

### As Others See You—And Us

(We have modified—or rather increased the scope—of the field to be covered by the sketches and characterizations of Prof. William J. Newlin, of Amherst College, by adding ourselves to the list. For in his address, which is referred to in the October number, he said a number of things pertinent to an Alumni Secretary as well as to the secretary's constituents. As announced, from time to time we will reproduce on this page excerpts from Dr. Newlin's address to a nation-wide assemblage of alumni workers.—The Editor.)

"It is a reckless and foolhardy thing to do—for a college teacher to talk to you about your own affairs. I am following the example of all confirmed bachelors—and unconfirmed spinsters—who know exactly how children should be brought up; and of all alumni, who know exactly how any college should be managed. . . Yet, sometimes it helps even parents to discover what the neighbors think of their children; and I hope that the conclusions of a teacher who has had the good fortune to study our common enterprise rather closely from a special point of view may contain something of value to some of you.

"The common enterprise I refer to is the promotion of the welfare and success and purposes of the institutions we represent. The task of the Secretary of an Alumni Association, I take it, is to act as liaison officer to bring into close touch with one another and hold in fullest cooperation, an institution and its alumni. The secretary works through and on his alumni organization. To secure and retain their support he must maintain their interest in the institution and its works. Thus he deals with two tremendously vital factors; their interests, and the institution's work. To bring about a happy marriage between these two by absent treatment and long-range correspondence is no trifling task. You have my very deep and heartfelt sympathy. I know something of the difficulties you face. It is about these two and your relation to them that I wish to speak today.

"I can imagine you on your pessimistic Mondays considering the fact that the alumni are the most crabbed and stiff-necked and unresponsive of human beings; that the work of your institution is uninteresting and dull; that the faculty members are mossbacked and narrow-minded, especially about athletics and eligibility; the trustees, blind; and the students, stupid. I can fancy you deeply impressed with the impossibility of producing any real results from such a hopeless combination. I think even teachers feel this way sometimes; but they add the Alumni Secretaries to their list.

"You may say what you will about the alumni; there I dare not reply, for the college started them on their career of crime; they are its own product. If we find them rich in collegiate sentiment and short of collegiate common sense, part of the blame is surely ours. If they have too little love of learning, too little real education, too great love of play, we certainly contributed to this result. They may be spoiled children; we helped to spoil them; yet they are lovable, withal!"

"But for the most of their degeneration since they left the tender care of alma mater, you secretaries are responsible. We may have given them a bad start but it is you that have made them finally what they are today. For you furnish the alumni with the idea of the college which they have. . . . You find yourselves infected with the journalistic germ of giving the public what they want, of selling them the college they want to see, of feeding them the stimulant they crave at more or less regular intervals."

## High Standard Maintained

The high standard set in past years for the strength and character of the Music and Lecture Course has not been departed from in the selection of the numbers this year.

Season tickets for the following musical and lecture programs have been offered to the

students and faculty of Ohio University at the remarkably low price of four dollars. A generous support makes the price possible.

Nov. 16—Cleveland Symphony Orchestra, Nikolai Sokoloff, conductor.

Dec. 7—Roy Chapman Andrews, lecturer. National Geographic Society explorer.

Dec. 13—Robert Schmitz, pre-eminent French pianist.

Jan. 10—Mary Lewis, Metropolitan Opera Co. soprano.

Feb. 11—Oswald Ryan, lecturer. A leading lawyer, economist, and immigration authority.

Feb. 18—Frances McMillen, violin. Outstanding virtuoso of American parentage.

In addition, a seventh number is yet to be announced.

## School of Commerce Recognizes Merit

An honor society has recently been formed consisting of present seniors in the School of Commerce whose entire scholastic record at the beginning of their fourth year shows an average grade of B. Two men have qualified for active membership. They are Clarence Hudson, Perry, O., and Edgar Gilmore, Pomeroy, O. This number will probably be increased by the end of the year since several seniors are close to the B average.

The following alumni of the past few years, whose records qualify them, have been notified of election to Honorary membership. The list includes only the eligibles since the conferring of the degree of A. B. in Commerce.

Ralph F. Beckert, Homer Dupler, Frank C. Games, Clifford Glazier, Mary E. Henderson, Robert Horn, Beatrice Loyer, Roy H. Paynter, Percy C. Pickard, Dorothy Pickering, Finley S. Pidcock, Lloyd Poston, E. E. Ray, Nell Richards, Fred H. Sands, Harrison T. Sexton, Bernard Shilt, Esther Smithberger, Robert Soule, Velma Staneart, Clinton Stewart, Leonard Tinker, W. Tong West.

## Y. W. C. A. Pageant—"Dream of Life"

More than sixty girls of Ohio University took part in the pageant "A Dream of Life" given by the Y. W. C. A., Oct. 20, in Ewing auditorium. The pageant, written by Augusta Ginther and Emma Graham, seniors, was directed by Dean Irma E. Voigt.

Before the final curtain dropped the vested choir, the gaily dressed cosmopolitan dancers,

the girl reserves, the spirits of service, love, religion, and play, the fairy queen, the story teller and the children all marched off the stage, and led by the three trumpeters paraded up the aisles, singing "Forward Through the Ages." While the audience watched the tableau of the modern girl kneeling to the spirit of life, with the fairy queen near, the assembly outside sang softly the peace benediction.

At a meeting two weeks later 500 new members of the Y. W. C. A. were formally recognized at the ritualistic service conducted by fifteen "Y" officers.

### Glee Club Announcements

The date of the annual state-wide contest of the Men's Inter-collegiate Glee Club Association has been announced as February 22 and the place, Columbus. The exact place in which the contest will be held has not been decided but Ohio State University is being considered. At a recent meeting of the representatives of the organization, three more schools were accepted for membership: Ohio State, Ohio Northern, and Wooster. The Ohio State University club will not participate in the contest this year. The other members of the glee club association are: Denison, Miami, Bluffton, Muskingum, Capitol, Ohio Wesleyan, and Ohio University.

In the three years of competition the men of Ohio University have won the cup twice and been runners-up once. A trip to New York City awaits Ohio's club if it wins this year.

The council of the Girls' Intercollegiate Glee Club Association has selected Ohio Wesleyan University as a place for holding their contests with a definite date in the month of April yet to be selected. In the girls' competition this year the judging will be confined to two numbers—the official test piece and a light number—instead of three as heretofore. Ohio's girls were winners in the first contest and runners-up last year. The schools represented in the women's association are: Miami, Ohio Wesleyan, Denison, Wittenberg, Cincinnati, and Ohio.

Members of the varsity quartet have been announced as follows: Willis Edmund, Thorn-

ville, O., first tenor; Ted Cowen, Miami, Fla., second tenor; Joe Dando, Wellston, O., baritone; and Tom Slater, Parkersburg, W. Va., bass.

### Such Is Life In A Co-Ed Dorm

The attic of Lindley Hall was transformed into a virtual chamber of horrors, on Oct. 13, when the upperclass girls initiated their younger sisters, the freshmen, into the secrets of a highly "collegiate" society.

Through the Stygian darkness of back halls and winding stairs every new girl was led by a stern companion. "Hellfireandbrimstone" was the password which admitted the timid frosh to the assembly of their superiors. Next came the deathly grip. Each hesitatingly outstretched hand clasped an ink-soaked sponge.

Obstructions of every sort beset the pathway of the initiates. Later when the pillowslips were removed from their heads the eyes of the victims met the unsympathetic gaze of robed and moustached Arab-like guards.

In twos and threes the freshmen were summoned before a judge and jury and there accused of past misdeemeanors by their elders. At the end of the trials sentences of varying degrees of severity were meted out to those found guilty—100% of them—and the rules for the ensuing "Freshman Week" announced.

### Men Contribute to Fund

"The I O Ohio Chest," a unified campaign through which the men students of Ohio Uni-

versity were given an opportunity to support the University Pastorate, the Y. M. C. A. and the Student Friendship Fund, was opened on Nov. 8 with an objective of \$1500. Committees and teams under student leadership were successful in raising \$1400 within the week allotted to the work. The balance was secured shortly thereafter. George Luce, Leon, N. Y., is president and Walter Forrest, Cleveland, O., secretary of the Y. M. C. A.

Through the work and efforts of the Student Pastorate nearly 400 students were received into Associate Membership in four protestant churches of Athens on Oct. 17. By provision of the special memberships a transfer of membership letters is not necessary from the home church.

## "Thoughts of Colorado"

—A Song—

By Mrs. Addie Smith Wright, '81

In my heart there lives a memory  
Of a country in the west,  
Of a state so grand and glorious  
That unseen none ever guessed  
How the hand of God did mold it—  
Lofty crags where eagles nest,  
Mighty canyons, roaring rivers—  
'Tis the state that I love best.  
Never artist ever painted,  
Ever reached the color height  
That the sunlight sifts upon it,  
A sublime and beauteous sight.  
There among the snowcapped mountains  
Where the wild fawns frisk and play  
And the bear goes shambling onward  
There my heart is every day.  
Oh the beauty of the wild flowers!  
How they set my heart aglow!  
First anemones in springtime  
Peeping out beneath the snow.  
Buttercups so small and dainty  
Covering earth with sheet of gold,  
Flags and larkspurs, daisies, roses—  
Half their beauty ne'er was told.  
But the queen of all the flowers  
Shows her beauty in the fall—  
The Columbine, the State's own emblem,  
Gently sways above them all.  
In a cup of azure sweetly  
Lies a bit of nature's gold,  
Draped in stately robes of purple  
Royal robes like kings of old.  
Here a streamlet from a springlet  
Softly murmurs on my ear.  
There a torrent leaks o'er boulders  
Raging, shouting "Gone from here."  
Now a pool lies deep with mystery,  
Dark and cool where "rainbows" dwell  
Rainbow trout, ah, see the beauties!  
God in heaven doeth well.

### Chorus

Brook and river, crag and canyon  
Send their call forth every day.  
"Oh return, return and see me,  
You who far have gone away."  
May the God who watches o'er me  
Trend my life so I may say  
"I'll return to Colorado  
Back to where the elfins play."

Mrs. Speck (Hazel Conner, '14, ex) and the three daughters, Betty, Mary Kathryn, and

Ruth, took a hand. They comprise the Frank R. Speck Co., of Phoenix, Arizona. In an evolutionary way the crude bottle of sand developed into a number of souvenirs which are being purchased and sent to all parts of the world.

Referring again to the "Arizona Republican," Mr. Speck's processes are described thus: "The painter collects the vari-colored sands, grinds them into a fine powder and arranges the colors conveniently in his workshop. His artistic nature finds expression in his sand paintings of western scenes, among the most noted of which are the Painted Desert, the Rainbow Bridge in southern Utah, and Great Falls in Yellowstone Park.

"To make his creations available for souvenirs he has glass containers, principally of the paper-weight type. He 'paints' the picture himself but leaves the remainder of the work to his wife and daughters. After the space behind the picture is filled in, tamped, and glued, the container is placed under cover until the entire work thoroughly sets.

"Orders from various souvenir companies keep him busy and happy despite his afflictions. His friendly smile is contagious and to the casual observer, Rev. Speck, nature's own artist, is devoid of a single care or worry."

Samples of Mr. Speck's work are on display at the Alumni Office.

## West Virginians Meet

A group of seventeen Ohio University people got together in Clarksburg, W. Va., on Oct. 29, and held a real reunion party. The affair was held in connection with the sessions of the West Virginia State Teachers Association then meeting in Clarksburg.

Prof. C. N. Mackinnon was a dinner guest of the West Virginia grads and gave an account of the progress of the University. His reception was a most cordial one. To Mr. Preston Welch, '21, B. S. in Ed., and Mr. William Bates, '21, A. B., is to be acknowledged credit for sponsoring the meeting and making the necessary preliminary arrangements.

The following were present: Hilda Spelsberg, Elizabeth Walker, Florence Booth, W. M. Bates, Arthur E. Lawrence, Wilma Wyne, Preston Welch, Majel Lawrence, and Dorothy Rogers, Clarksburg, W. Va.; Donna Tebay, Parkersburg; Irene Aber, Huntington; W. Lloyd Sprouse, Mannington; S. L. Loyd, Elkview; Gladys Merrin, Morgantown; R. Emerson Langfitt, Beckley; Dorothy M. Riley, Walton; and Mrs. Viola Weik Painter, Davis, W. Va.

## Our "Get Acquainted" Column

The second of the series of faculty sketches will serve to introduce Dr. Norman Fenton who, this fall, came to the Ohio University faculty as associate professor of Psychology. His coming adds much to an already strong department.

Dr. Fenton was born in New York City on March 21, 1895. Although himself not pre-

Dr. Norman Fenton

viously a resident of Ohio, Dr. Fenton is not without Ohio associations as his grand parents and great-grand parents lived in Ohio and his mother was born here. Dr. Fenton obtained both the B. S. and A. M. degrees at Harvard Univ., where he specialized in psychology. He studied for the doctor's degree at Stanford University doing work with Professors Terman and Cubberley and with Dr. Mehrtens of the Medical School.

Dr. Fenton's first publication was a 2500 title bibliography which was published in Southard's *Shell Shock and War Neuropsychiatry*, W. M. Leonard, Boston. During the war, Dr. Fenton was in the Medical Corps of the Army, serving as psychologist at the special hospital for shell shock in the A. E. F. After returning from France, he was connected with the National Committee for Mental Hygiene in New York. There he continued his interests in the problem of shell shock by following up and caring for the patients of the A. E. F. hospital at which he was psychologist. This work with returned shell shock victims was financed by the Rockefeller Foundation for Medical Research, through the National Committee for Mental Hygiene. The work was of both social service and scientific value. It was repeated again in 1924-25, five years after the previous study. The results of these studies and other research work carried on in the archives of the War Department

in Washington, have been brought together in a volume, *Shell Shock and Its Aftermath*, published recently by Mosby & Co., of St. Louis. In his Introduction to this book, General Thomas W. Salmon, formerly on General General Pershing's staff in France and now Professor of Psychiatry at Columbia University, says, "In this study of the subsequent experiences of a group of soldiers who had been treated for war neuroses in France, Doctor Fenton has made a unique contribution to our knowledge."

Dr. Fenton will be on leave from Ohio University from January 4 to February 17 to go to New York City to assist in the editing of a war history volume dealing with the neuropsychiatric division of the A. E. F.

Dr. Fenton's book, *Self-Direction and Adjustment*, was brought out last summer by the World Book Company and has already been introduced into a number of high schools and colleges. It is especially useful in high school and college freshmen orientation courses and in giving students of this age the fundamental facts of mental hygiene and methods of study.

Before coming to Ohio, Dr. Fenton was professor of Education at the State Teachers College at Tempe, Arizona. Previous to that he was psychologist at the Boston Psychopathic Hospital and a teacher in the intermediate department of the Menlo School in California.

Professor Fenton is a member of Phi Delta Kappa and several scientific and educational organizations. He has read papers before medical, psychological and educational associations. His biography will appear in the fourth edition of *American Men of Science*, in "Who's Who in Literature," etc. Dr. Fenton has just completed the manuscripts of two books, *An Introduction to Educational Measurements* (With Dr. Dean A. Worcester of Ohio University) and *Newer Ideals in Teacher Training*.

Dr. Fenton was married to Miss Jessie Chase at Palo Alto, California, in 1921. Mrs. Fenton was a research assistant in psychology at Stanford University before her marriage and is the author of *A Practical Psychology of Babyhood* published by the Houghton, Mifflin Company in 1925. The Fentons have two boys, Norman Eugene and Lewis Lowry.

The January number of "Children," a new magazine, is to feature an article by Mrs. Fenton. Mrs. Fenton is one of a few eastern psychologists asked to speak in Los Angeles in December at the Southern California Conference on "Modern Parenthood." During Dr. Fenton's leave Mrs. Fenton will conduct his courses in the university.

## With The Faculty

Prof. George Starr Lasher, department of Journalism, was absent from the campus early in November to deliver a series of lectures in the state of Maine at the invitation of the state department of Education. Ten addresses were given in five different cities.

Professors Scott and Hill of the department of Classical languages spent the past summer in Italy in study and recreation.

Prof. Karl D. Reyer, of the advertising department of the School of Commerce, attended the conference of the Direct Mail Advertising Association in Detroit late in October.

Omega chapter of Kappa Delta Pi (national educational fraternity), on Nov. 10, 1926, initiated President Bryan an honorary member of their organization. Dean T. C. McCracken of Ohio University is national president of Kappa Delta Pi.

Prof. A. A. Atkinson, '91, B. S., department of Physics and Electrical Engineering, is in the East, at the time this is written, in the interest of his work. At Schenectady, N. Y., he will visit the General Electric Co. for two days. At Lynn, Mass., he will visit the instrument works of the same company and secure a number of new instruments for his laboratories.

Miss Melba White, '18, A. B., '19, B. S. in Ed., assistant librarian, has been appointed president of the Zeta Tau Alpha province which includes the states of Ohio, Indiana, West Virginia, and Kentucky.

Prof. O. E. McClure, '16, B. S. in Ed., department of Physics, was, in October, elected a member of the state division directors of the Isaak Walton League of America.

Miss Mary T. Noss, department of French, recently presented Prof. Clarence G. Hamilton, head of the piano department of Wellesley College, in a lecture-recital in Ewing Auditorium. Miss Noss, who is a talented pianist, studied under Prof. Hamilton while a student at Wellesley.

## 1912 and 1925

At the beginning of the year the Class of 1912 lead all of the classes of the past twenty-five years in the percentage of members enrolled in the Alumni Association. Their record was a fine one but this month it bids fair to be eclipsed by the Class of 1925.

Support of the most loyal and consistent kind must be forthcoming from all the classes, however, if Ohio's alumni organization is to begin to compare with those of other schools of equal size and rank.

## Picture Contest

A photograph of Ohio University's first football team (1895) was used as the first of a series of six group pictures, one of which will appear each month in *The Ohio Alumnus* until all have been published. The names of the individuals in each picture will be announced in the succeeding issue of the magazine. At the end of six months, free memberships in the alumni association will be given

Contest Picture No. 2

to the five persons who have named the largest number of individuals correctly. The only rule governing the contest is that the names must be in the hands of the editor before the next issue appears which—after a regular schedule is established—will be about the twentieth of each month.

But one person was able to name all the members of the football team of 1895. Mr. Frank H. Super, '95, B. S., a member of the team, sent in the list which follows:

Bottom row (left to right): C. C. "Baldy" Smith, T. L. Schranz, Coach, C. M. Shepard, McCollouch, Frank Super (with ball), and Jack Ely.

Middle row: C. J. Lane, Phil Welch, mascot, Pascal Bright, manager, "Dutch" Bauer, W. B. Dailey, Ralph Super, Howard Charter, and "Mike" Bollinger.

Top row: Thomas, Charles G. O'Brien, Samuel L. McCune, and Elmer Chute.

The contest picture for this month appears on this page and is the first class in manual training conducted by Prof. George E. McLaughlin. This picture represents a fairly recent college generation and will not be so difficult to identify.

# Church Leader Succumbs Suddenly---Honorary Degree Conferred Upon Him

## *Former Athens Pastor*

News of the sudden death of Rev. Dr. W. A. Powell, '94, D. D. (Pro Honore), on Sept. 11, 1926, at his home in Olmsted Falls, Ohio, will be received with sadness by the many graduates of Ohio University whose attendance dates back to the 90's. Death resulted from a stoppage of one of the main arteries of the heart.

Dr. Powell was born Dec. 3, 1857, at Cincinnati, O. He was graduated from the College of the City of New York at the youthful age of 18. His father was then pastor of the Welch Presbyterian church of New York City. He immediately took up the study of theology at Union Theological Seminary. Equipped with a keen and alert mind he was able to enter the ministry at the age of 21. His first pastorate was served at Frostburg, Md. Then followed other pastorates at Parkersburg, W. Va.; Newark, Athens, and Toledo, O.; Lawrence and Ottawa, Kansas; and last, the Community Church of Olmsted Falls, Ohio.

His Athens ministry was begun in 1890 and lasted until the end of the decade. As pastor of the Athens Presbyterian church it was said of him that "he was the outstanding spiritual and intellectual leader of the town. His scholarly mind was the servant of his firm will to oppose hypocrisy and preach truth at all times." A very prominent alumna of Ohio University pays this tribute to his pulpit oratory. "He had a mastery of English which I have never known surpassed, and my own taste and experience have made me critical of speech even in minutiae. I owe more to Dr. Powell than to any other man for my standards of literary judgment, because I had the good fortune to be a regular attendant at his church and to benefit by his advice in literary

composition when I was a junior and senior in Ohio University."

His service in the church is signalized by its efforts to break down unnecessary sectarian divisions and to bring about fraternal relations between denominations. In the latter years of his life he was a warm advocate of the community church. He spent last summer in Europe studying labor conditions and as a delegate from the Cleveland Presbytery to the General Council of Reformed Churches held in Cardiff, Wales.

During their stay in Athens, the Powells lived in the first parsonage built by the local church which was near the old home of Judge Welch (present site of the Agriculture and Home Economics Building). All of the Powell children, two daughters and two sons, were born in Athens.

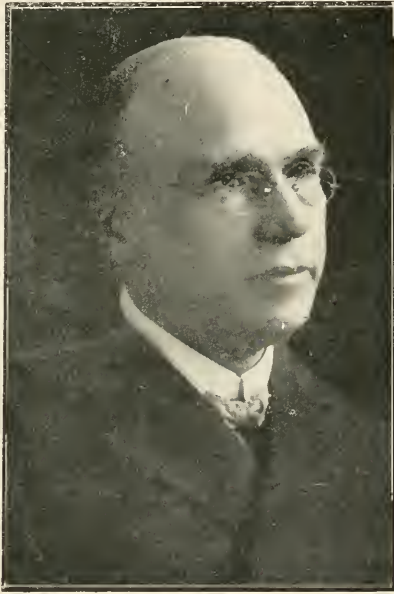

Dr. Powell returned to Athens in January, 1926, to participate in the burial service of his close friend, Dr. D. J. Evans, '71. At that time he delivered one

of the finest and most eloquent addresses ever heard in the city.

### ROLL CALL OF TREES

From Baltimore, Maryland, recently came a request for information regarding Ohio University's famous trees, the McGuffey Elms and the Old Beech. In addition to descriptive material, pictures of the trees were requested. The pictures and the data were given a place in a publication bearing the title, "Roll Call of Noted and Historic Trees."

Dr. F. H. Parker, B. S., is still practicing medicine at Rutland, O. He received his M. D. from the Columbus Medical College in 1880.

## Seven Honored By Selection

### WISE ALL-OHIO END

The sideline experts—coaches and newspaper men—have now had their say and the 1926 football season is officially closed. Only officially, however, for many a hard-fought game will be re-played about a fraternity hearthstone or across the tables of the "Atheneon" or the marble counter of "The Spot."

The chosing of the "all" teams is usually disappointing to the teams and individuals not selected for the honors and highly satisfactory to those that are fortunate enough to be included in the line-up of the mythical teams. While Ohio would have been willing to see more of its players named to honorary positions the feeling is that the honor teams were fairly selected.

In the Buckeye Association loop Captain "Gravy" Wise was a unanimous selection of all the Buckeye coaches for a place on the first team. He was one of only three men to be accorded that honor. Wise has just finished his third year of varsity football. In addition to the "southern" conference honor Wise was chosen for an end position on the All-Ohio team by the International News Service whose selection is based upon a concensus of opinion of all the coaches of the Ohio conference. In describing him, the I. N. S. sports editor says, "He is big enough to be heavy but not too heavy to be fast. He has shown a disposition to crash into and break up the interference, a good pass receiver, and fine at turning the tackle for the line plays."

Other Bobcats to be recognized in the B. A. A. circuit are Dando, guard, and Shafer, center. Shafer is a junior and was an All-Buckeye center last year while Dando is a sophomore.

Blythe and Longley, both tackles; Sweeney, quarterback; and Doran, fullback, were the official selections for the second B. A. A. team. All are fighters, capable and heady players, and deserving of the honor.

Honorable mention was given by the coaches to all men receiving more than two votes but not winning places on either the

first or second team. This list included Duncan, Ohio's left guard.

The All-Buckeye team is given below:

Wise, Ohio	L. E.
McCall, Miami	L. T.
Nicholson, Denison	L. G.
Shafer, Ohio	C.
Dando, Ohio	R. G.
Tilton, Ohio Wesleyan	R. T.
Thieson, Wittenberg	R. E.
Wohlwender, Miami	Q. B.
Maurer, Wittenberg	L. H. B.
Blickle, Ohio Wesleyan	R. H. B.
Stryker, Miami	F. B.

### ONE HUNDRED FROSH

Freshman basketball prospects are fair at Ohio University this year according to Coach Zimmer. Several of the more promising of Zimmer's squad of 100 basketeters were recently ruled ineligible because of scholastic delinquencies. The squad has been divided into two sections in order that the weeding-out process may be expedited. Some of the men who have shown well in the early season workouts are Lowe, Zanesville; Weis, Oberlin; Thomas, Bellepoint; Blaney, Lakewood; and Brammer, Proctorville, O.

### GRIDDERS AWARDED VARSITY "O"

Seventeen members of the 1926 varsity football team were awarded the varsity "O" by the Athletic Council at the end of the season. The remainder of the squad were awarded class numerals.

Those to receive the "O" were: Captain Wise, Doran, Duncan, Captain-elect Robeson, Willison, McKinley, Jarvie, Kennard, Shafer, Dando, Blythe, Sayles, Longley, Sweeney, Mowbrey, Begola, and Paisley. Vance was awarded the manager's "O."

The numerals were given to Richards, Jeffrey, Wagner, Barfoot, Cole, Rhoads, Bell, Maples, Farmer, Garrison, Riley, Miles, Mader, Oates, Patterson, McCune, Drake, and Pitts, junior manager.

Howard S. Paine, A. B., is a chemist connected with the Bureau of Chemistry, of the U. S. Department of Agriculture, Washington. His home is at Chevy Chase, Md.

## Plenty of Work Cut Out for Basket Tossers

With the close of the football season, Ohio University turned its attention to basketball. One of the stiffest schedules ever carded for an Ohio team faces Coach Grover and his men this year. Featuring the early season part of the schedule will be games with Ohio State, Georgia Tech, and the University of Florida.

At the time of writing the varsity squad has been cut to eighteen men who are working out daily in the big gymnasium. Only two letter men are back from last season's quintet, Eisenbrey and Longley. Bayless, Walton, and Sayles have all seen service, however, and will make strong bids for the open positions. Of the new men on the squad this year, Smith and O'Neil, centers; and Dubois and Burkholder, forwards, have shown the best in the practice sessions. It is too early to forecast a lineup as the Groverites have not been in competition yet.

Ohio State University will be met in the Coliseum at Columbus, Dec. 14. Those who viewed the thrilling game between these two teams last year will recall that Ohio was only nosed out in the last three minutes of play.

On Dec. 20, the "Yellow Jackets" of Georgia Tech will appear in Ohio Gym. Local fans are looking forward eagerly to this game and a look at the men from the famous southern school. The University of Florida will be met on the Bobcat's home floor on Jan. 4. This game also, will attract widespread attention and a large crowd of fans. The regular intercollegiate schedule opens with Wittenberg on Jan. 7.

The Christmas holidays will find Coach Grover and his proteges on a training trip through central and northern Ohio and into Indiana. By the time of his return he should have a rather definite line on the ability of his players.

## Jack Robeson Elected Captain of Bobcats

At the annual football banquet following the close of the 1926 season, Jack Robeson, halfback, was elected to lead the Green and White forces through the 1927 campaign. "Robey" has been on the Bobcat squad two

years, this year being considerably hampered by injuries. He is a player of high calibre and next year, barring injuries, should see him make a name for himself and his team. He is well liked on the football field and on the campus. He hails from Canton, Ohio.

Pittsburgh papers have recently announced the marriage of the daughter, Bertha, of Mr. and Mrs. Skinner, (Gladys McVay, B. Ped.), of Wilksburg, Pa.

## Buckeye Association Lives Up To Expectations

Rumors of a break in the bonds holding together six southern Ohio schools in what is known as the Buckeye Athletic Association were effectively spiked this fall by the issuance of the following official statement.

"The B. A. A., composed of Miami, Denison, Wittenberg, Cincinnati, Ohio and Ohio Wesleyan, was organized last year, through dissatisfaction caused by the difficulties in making schedules with good Ohio conference teams, inasmuch as the big schools in the north of the state were arranging schedules in advance and not meeting schools in the south. It was felt by the present B. A. A. schools that since conference standings were bound to be published, it was unfair to institutions that wanted to play strong opponents to be rated with institutions which played mainly with the weaker teams in order to insure a good standing in the Ohio conference group. The conference, with its 20-odd members—Marietta and Dayton recently added—has reached a stage where it is impossible to secure uniformly fair schedules and good competition and a very definite rating for each school.

"The B. A. A. has gone through one season in basketball, baseball and track, which for team rivalry and fair sportsmanship has exceeded all expectations and more than justifies the organization.

"The six schools of this group appreciate the fine work which has been done by the Ohio conference in regulating and controlling intercollegiate athletics in Ohio during the last 25 years. The B. A. A. does not wish to interfere in any way with the constructive work which the conference has been doing, but we feel that it is imperative that a closer relationship between small groups in or out of the conference is necessary for the individual as well as the general good of intercollegiate athletics in Ohio."

## Football Next Year

At the time of going to press the following football schedule for 1927 had just been released for publication. The season next year will open a week earlier than heretofore in order that a nine game schedule may be played instead of the usual eight game bill.

To date but one Ohio conference game appears on the Bobcat list, the traditional game

with Marietta. Four games have been arranged with Buckeye Association schools, only Miami failing to appear on the schedule. Two non-conference games will be played next year, with two open dates yet to be filled.

### The 1927 schedule:

Sept. 24—Rio Grande at Athens  
Oct. 1—Michigan State at East Lansing  
Oct. 8—Open  
Oct. 15—Marietta at Athens  
Oct. 22—Wittenberg at Athens  
Oct. 29—Open  
Nov. 5—Denison at Granville  
Nov. 12—Cincinnati at Cincinnati  
Nov. 18—Ohio Wesleyan at Athens

### SOME OFFICIALS

Twenty years ago this fall it was announced that "The following officials have been selected for the big Thanksgiving game between Ohio University and Marietta College: St. John of Wooster and Branch Rickey of Delaware to act as referee and umpire, and Dunlap of Kenyon to act as head linesman." And in the meantime to what heights have these gentlemen risen in the world of athletics.

### BOBCATS CONCLUDE SEASON

(Continued from page 6)

line, but that delays in the blowing of the but that delays in the blowing of the referee's whistle gave opportunity for the ball-toter to be forced back. The rules say that a gain shall be allowed to the point of the farthest forward progress of the ball regardless of how far the carrier is shoved back by opposing players. No criticism was directed toward the officials who worked the game but the thought that perhaps "it should have been a touchdown" made the defeat a heartbreaking one. But even in defeat, doubly poignant to the men who were playing their last game for Ohio, the team performed in superb style. It was a defeat of which they needed not to be ashamed.

The Wittenberg game gave the finishing touches to one of the most impressive years in Ohio's gridiron history. Five victories, one tie, and two defeats were the result of a season of splendid football. The total margin of defeat in both games lost was but four points. In one game Ohio was separated from victory by the value of a field goal while in another by failure to add the point after touchdown. Had Ohio counted a touchdown in the second quarter of the Wittenberg game the resultant victory would have meant a tie for the title with the Bishops. Wesleyan's

record for the season in the B. A. A. is three victories and one tie; Wittenberg's is three victories and one defeat; and Ohio's is two victories, one tie, and one defeat. Throughout the state, however, Ohio is ranked on a par with the two teams standing above them. Ohio and Wesleyan battled without a score, and the Bobcats dropped the Wittenberg fray by one point.

Coaches and players, alike, are deserving of all the credit possible for the showing of the year. Seven Ohio men were given places on the mythical teams chosen to represent the B. A. A. and the Ohio conference. Capt. Wise was perhaps the outstanding player but for most part the team had no "stars," each man being a steady and a consistent performer in Coach Peden's firmament.

## ❖ Deaths ❖

**Shiplett**—Following immediately upon the heels of the very happy announcement, in the October Alumnus, of the marriage of Miss Susan Putnam, '13, Home Ec., Athens, O., and Mr. John T. Shiplett, Galesburg, Ill., comes the sad word of the death of Mr. Shiplett just nine weeks after the wedding. # DE ALUMNIS

## 1870

An effort to learn of George E. Wells, A. B., former Dayton, O., attorney, brings the report that he died at the National Military Home at Dayton. No date was given.

A greater interest in Ohio University than that which is forthcoming from many graduates is held by Mrs. Ellen D. Devol, Gambier, O., widow of Prof. R. S. Devol, A. B., '73. A. M.
